WOOD'S SEEDS

WILL BE SUPPLIED TO MERCHANTS IN HANDSOME COLORED LITHOGRAPHED PACKETS. THIS WITH THE HIGH QUALITY AND LARGE QUANTITY OF SEEDS WHICH WE PUT INTO OUR PACKETS WILL MAKE THEM MORE POPULAR AND SALABLE THAN EVER.

WOOD'S PACKET SEEDS

PAY MUCH LARGER PROFITS THAN COMMISSION SEEDS, AND ARE UNQUESTIONABLY THE BEST FOR THE SOUTH

(The printed order sheet accompanying this wholesale price-list indicates the varieties of seeds we can supply in lithographed packets.)

PROFIT IN WOOD'S SEEDS!—Wood's seeds in packets make you a profit of 150 per cent. on your investment—much more than it is possible to make on commission seeds, besides giving your customers **more seeds and better seeds**. Wood's packets are put up from the **freshest seeds**, so that even if you have a few left over, they are, excepting Parsnip and Sweet Corn, good for the following season, so that besides a large profit, there is practically no risk or loss in handling **Wood's Seeds**.

Per 100 packets,	\$2.00
Per 500 packets,	9.00
Per 1,000 packets,	17.00
In 3,000 lots and over,	15.00 per 1,000 packets.

This applies to all varieties which retail at 5c. per packet. Higher priced varieties will be charged at 50 per cent. off retail catalogue prices.

WOOD'S PACKET SEEDS ARE EXTRA LARGE AND WELL FILLED, usually containing two or three times as much as the commission and paper seeds usually sold to merchants for retailing. The packets which we supply to our merchants are the same as we supply to our retail trade. Our aim is quality and quantity, and satisfaction to the merchant and his customers alike. Customers can make up their own assortments to suit their trade; or, if they will state the number of packets they desire, we will make up an assortment which in our judgment will be suitable for their sections or neighborhoods.

General Information, Terms, Etc.

Garden Seeds.—General orders for Vegetable and Flower Seeds, placed between January 1st and June 1st, to approved customers, are due June 1st, or a cash discount of one per cent. per month will be allowed if paid before that date. Turnip and other Garden Seeds ordered after June 1st, are due November 1st.

Special Orders.—Special orders for Beans, Peas, Bird Seeds, Poultry Supplies and Fertilizers are net 60 days. Two per cent. off for cash in 10 days.

Field Seeds.—Grass and Clover Seeds, Seed Grain, Seed Potatoes, Onion Sets, and all Field Seeds, are net cash, and are due on receipt of goods.

We make no charge for packing or cartage, and prices include bags for Grain and Grass Seeds, except when cotton sacks are required; these hold $2\frac{1}{2}$ bushels, and are charged at 15c. each. Cotton sacks for Beans, Peas and Sweet Corn are also charged. Packages for Onion Sets are charged extra.

Ordering by Telegraph, see CODE on page 17.

WOOD'S SEEDS are selected and grown with special reference to their adaptability to Southern soil and climate, and give most excellent and satisfactory results. Our trade is increasing very rapidly, and merchants handling our seeds are increasing their trade every year, as they find our seeds much more popular and salable than seeds from other sections. We carry all seeds required for the farm and garden, and merchants can effect considerable saving in time and freight rates by placing their orders with us.

About Warranting Seeds.—While we exercise care to have all Seeds pure and reliable, we give no warranty, express or implied, as to description, quality, productiveness, or any other matter connected with the goods we send out, and will not be in any way responsible for the crop. Every order for articles named in this price-list will be executed on these conditions only.

December, 1902.

DISCOUNTS to MERCHANTS FROM RETAIL CATALOGUE PRICES.

Many merchants get orders for seeds which they do not carry in stock. For orders of this class we make the following discounts from our retail catalogue prices:

- On seeds at packet price, 50 per cent. discount;
- On seeds at ounce price, 40 per cent. discount;
- On seeds by the quart, pint or quarter-pound, 20 per cent. discount;
- On vegetable seeds in larger quantities, 15 per cent. discount;
- On fruit trees, 10 per cent. discount.

The above discounts do not include premiums, postage, etc., mentioned in our retail catalogue. When seeds at the above rates are ordered to be sent by mail, postage will be added to the invoice.

BEANS, PEAS AND CORN IN ONE-THIRD PINT PACKAGES.

Our regular size packages of Beans, Peas and Corn are put up at the same rate as other seeds, \$2.00 per 100 packets. We also put up larger size packages of Peas, Beans and Corn (one-third pints) to retail at 10 cents each, for which we charge at wholesale 5 cents per package.

ABOUT COMMISSION SEEDS.

We do not send out seeds on commission. Merchants will find it much more profitable and satisfactory to handle our seeds than commission seeds. The profits are not only larger, but the seeds will give much more satisfaction to your customers, and so aid you in building up a better trade in seeds.

To Give an Idea of the Difference in Profits:

500 packets of **Wood's Seeds** cost \$9.00; retail out for \$25.00. The same quantity of seed on a commission of 40 per cent.—the usual commission allowed—cost \$15.00, leaving a difference in favor of handling **Wood's Seeds** of \$6.00 (or a total of \$16.00 profit on a \$9.00 investment); and you could, if necessary, throw away 100 papers of our seeds, pay for the whole 500, and still make more money than you would on 500 handled on commission.

Wood's Seeds are put up from the best and freshest seeds, and with the possible exception of Parsnip and Sweet Corn, are good for sale the following season, even if you have a few left over. So you see that the advantage of handling **Wood's Seeds** is not only that you give your customers better satisfaction, but that you make considerably more money, and build up a larger and more remunerative trade in seeds.

WHOLESALE PRICE-LIST OF

VEGETABLE SEEDS

FOR DEALERS ONLY.

The prices given in this list we expect will hold throughout the coming season, still we reserve the right to change prices without notice whenever conditions demand. This will not be done unless necessary.

Full descriptions of all varieties are given in our Annual Descriptive Catalogue, which is issued January 1st.

Lithographed Show-Cards and Descriptive Catalogues furnished with all general orders free of cost.

TERMS: To approved customers, terms on general orders for Vegetable seeds June 1st, or a discount of 1 per cent. per month if paid before that time. Terms on special orders for Beans and Peas are sixty days. Potatoes, Onion Sets and Field Seeds are net cash.

WOOD'S GARDEN SEEDS

BEST FOR THE SUNNY SOUTH.

Read what our customers say about the superiority of Wood's Seeds.

The following are extracts from customers' letters:

CLAIBORNE CO., TENN.—Your seed produced the finest cabbage grown in this part of the country for many years. Mrs. MARY ANNOINE.

MADISON CO., VA.—Your packages are fuller and seeds superior in quality to any others sold in this section. Miss M. D. GOODALL.

AMHERST CO., VA.—Your seeds are superior in growth and production to Northern-grown seed. JOHN M. WATTS.

FREDERICKSBURG, VA.—We find that you can be depended on to sell exactly what you represent. M. B. ROWE.

HORRY CO., S. C.—Your seed has certainly given satisfaction in this section, and we wish to handle a full line of your seeds next year. THE KLONDYKE MFG. CO.

ISLE OF WIGHT CO., VA.—The Wood's Prize Head Late Flat Dutch Cabbage is by far the best late cabbage I have ever planted. R. L. BERGEN.

FULTON CO., GA.—The perfect quality of the fruit grown from your tomato seed proved them to be first-class. Our tomatoes were the best on the Atlanta market, and commanded the highest prices. F. J. MERRIAM.

ALAMANCE CO., N. C.—Wood's Prize Head Late Flat Dutch is the finest cabbage for winter I have ever grown. Mrs. ALFRED ISELEY.

VIRGINIA SECOND CROP POTATOES.

Our Second Crop Seed Potatoes are grown in Eastern Virginia. It has long been recognized that Eastern-grown Virginia Second Crop Seed are vastly superior in quality and productiveness to those grown in other districts. In fact, potatoes offered from Tennessee and other points as "Second Crop" are frequently not Second Crop at all, but are really the late crop potatoes. These are very much inferior, for seed, to the genuine Second Crop Potatoes. Full information about these Potatoes will be found on page 6 of our Descriptive Catalogue.

ORDERING BY TELEGRAPH.

In order to reduce the expense of ordering Seeds by telegraph, we have embodied the telegraphic code-word to each variety, and below we give the code-word for any quantity. Always write the code-word for the quantity before the word for the Seeds. Thus, "Freight Quapode Pergot, Quanomia Chaffen, Chame," would mean, "Ship by first freight ten bushels of Wood's Lightning Excelsior Peas, and two pounds each of Wood's Selected Jersey Wakefield and Wood's Prize Head Late Flat Dutch Cabbages."

VIRGINIA SECOND CROP SEED POTATOES

We have in our Warehouses a large stock of these potatoes, personally selected in the fields, from the very best crops grown in this section, and the quality and productiveness of the stock is unsurpassed.

We have the following kinds in stock :

WOOD'S EARLIEST, RED BLISS TRIUMPH, THOROUGH-BRED, EARLY ROSE, WHITE BLISS, or PRIDE OF SOUTH, CROWN JEWEL, POLARIS, or PURITAN, NEW QUEEN.

Virginia-grown Second Crop Seed Potatoes are unquestionably superior to those grown in other sections, being entirely free from scab, smoother and much better quality than the second crop seed grown farther South. The Virginia seed too is the **true second crop seed**, and not as is frequently offered from other sections, early varieties of the previous years growing planted late.

Wherever planted, our Virginia Second Crop Seed Potatoes have unquestionably proved their superiority over Maine and Northern-grown Seed, both in earliness and productiveness, and while hitherto their use has been principally confined to large truckers and gardeners throughout the South, they are now being quite generally used in sections where they have been tried throughout the North. We believe they are designed to supersede very largely both Maine and Northern-grown Seed all along the Atlantic coast. (See page 14 for prices.)

Wood's Prize Head Late Flat Dutch Cabbage

is unquestionably the largest yielding and surest cropping of late Fall and Winter Cabbage for the South. Wholesale price: per lb. \$1.25. In 10 lb. lots and over, \$1.10 per lb.

FINE BIRD SEEDS.

We offer Bird Seeds either in bulk or put up in handsome lithographed 1-lb. boxes. Cases contain two dozen, four dozen, and one hundred packages.

In four dozen lots and over, when requested, name and address printed on package without extra charge. No charge for cases.

WOOD'S SONGSTER'S FOOD.

A PERFECT BIRD SEED MIXTURE.

We put this up of the best and cleanest seeds in proportions to form a mixture that will satisfy the most critical trade. It is composed of Recleaned Canary, Hemp (in separate package), Imported Rape, and Cuttle-fish, and is of unexcelled quality. The cartoons are of specially tasty designs, and make a handsome shelf package. Full directions for the care of birds on each package.
